

CAN WE TALK FOR A MINUTE?

Partner With Us

Can We Talk For A Minute? is a small organisation at the beginning of a bigger journey — grounded in years of real community mentoring, trauma-informed practice, and family support work.

A note on this document: This document will set out the practical ways schools, families, funders and community organisations can partner with us: what we're asking for, what you can expect, and how to get in touch. This is a placeholder while that full version is prepared — please get in touch at hello@canwetalkforaminute.org if you need more detail sooner.
